

## 2019 Girls Lacrosse Parent Letter of Understanding

I, \_\_\_\_\_, understand the following expectations associated with my student-athletes involvement in TVHS Girls Lacrosse.

1. TVHS Girls Lacrosse is primarily a self-funded CIF sport. TVHS Lacrosse receives minimal funds from TVHS or TVUSD. However, as a school affiliated sport, you are under no obligation to play or pay.
2. I understand that costs are paid through donations. Our program makes every attempt to keep costs low and will sometimes asks parents to meet at games to save money on transportation costs.
3. I understand that my student-athlete will be asked to help raise funds for the teams financial obligations, through fundraising and/or donations. The costs of our program this year is \$300.00 per student-athlete. The following would be a expected donation amount to meet our goals for this season:  
\$300 Player program expected monetary donation and mandatory program fundraising as in Diva Run, Savers, Dine-Outs and Sponsorships.

Again, parents and student-athletes are not required to pay any fees or donations to participate in TVHS Girls Lacrosse but donations are expected in order for this program to successfully operate.
